

MOR PELEG is Assoc. Prof at the Dept. of Information Systems, University of Haifa, Israel, since 2003, and has been Department Head in 2009-2012. Her BSc and MSc in Biology and PhD in Information Systems are from the Technion, Israel. She spent 6 years at Stanford BioMedical Research during her post-doctoral studies and Sabbatical, and is currently on Sabbatical at Stanford (till July 2017). She was awarded the New Investigator Award by the American Medical Informatics Association (AMIA) for her work on modeling and execution of the knowledge encoded in clinical guidelines and is International Fellow of the American College of Medical Informatics since 2013. She is Associate Editor of Journal of BioMedical Informatics and a member of the editorial board of Methods of Information in Medicine. Her research concerns knowledge representation, decision support systems, and process-aware information systems in healthcare, and appeared in journals such as JAMIA, International Journal of Medical Informatics, Journal of Biomedical Informatics, IEEE Transactions on Software Eng, TKDE, Bioinformatics. She was the coordinator of the FP7-ICT large-scale project MobiGuide (<http://www.mobiguide-project.eu/>) in 2011-2015. She has edited a number of special issues related to process support in healthcare and artificial intelligence in medicine. Mor has served in program committees of numerous conferences, including, among others, AI in Medicine (Where she chaired the scientific PC in 2011), Medinfo, ER. She has been co-chair of the BPM ProHealth Workshop seven times and an organizing committee member of Knowledge Representation for Healthcare Workshop five times. <http://mis.hevra.haifa.ac.il/~morpeleg/>
